SUMMARY

Dedicated developer with 2 years of experience, holding a degree in Systems Analysis and Development from PUCPR. I possess a strong knowledge of HTML, CSS, and JavaScript. I specialize in projects involving React and Nextjs. However, I am open to learning and exploring new technologies. Currently seeking new opportunities to continue studying and further delve into the world of Front-End.

EDUCATION

Pontifical Catholic University of Paraná, Curitiba, PR
Degree: Systems Analysis and Development Technology
03/2021 – 08/2023

PROFESSIONAL EXPERIENCE

Front-End Developer (Internship) Brasil Foods, Curitiba, PR
09/2022 – 09/2023
- Developed birthday cards using only HTML, CSS, and JavaScript technologies.
- Created an app from scratch for scanning QR codes using JavaScript, React Native, SQLite, and styled components.
- Gained experience in using new work platforms, such as Azure, GIT commands, and Agile methodologies like SCRUM.

Python Programming Language Instructor
Hello Future, Porto Velho, RO
07/2021 - 10/2021
- Taught the Python programming language to students aged 8 to 13.
- Studied and taught platforms like Scratch and Python Turtle.
